
(PEX-)"LVS"
LVS Report DB
including extracted (LVS) physical netlist
PEX Preprocessing
Net formation
(all Geometries of a net over vias and wires)
KPEX tech config files (part of OpenPDK)
KPEX Parasitic Tables
Parasitic capacitances (substrate, overlap, sidewall, fringe)
Parasitic resistances of layers
PEX Engine (2.5D based on MAGIC concepts/formulas)
Determine Ports
Determine Device Terminals
Calculate Via Resistance
Calculate Layer Resistance Graphs
Join Nets
Calculate Overlap Capacitance
Calculate Sidewall Capacitance
Calculate Fringe Capacitance
Calculate Substrate Capacitance
Parasitics Data
Netlist expansion
Expanded Netlist
